The Great London Shows Enlarged.

Bigger and better than ever, How's the Great London Shows will soon be with us. Every department has been enlarged. Five hundred acres performance over a hundred acres contain the Million Dollar Zoo, and the show is completely filled with new and absolutely different novelties. The Great London Shows Consolidated is truly a mammoth institution. When one has seen it from end to end, outside and inside, and has formed an inventory of what he has seen and learned for a very nominal fee, how much real pleasure and benefit it has been, he can easily understand why a big three-ring circus, of the high standard of the Great London Shows occupies the enviable position in the amusement world that it does.

The far-famed Dublin Dapple Grays \$25,000 Prize Winners are also presented in conjunction with the Big Show, at El Paso November 18.

EMPLOYEES AT ELEPHANT BUTTE DAM TO RECEIVE THEIR MONTHLY PAY FRIDAY

Butter and Coal Shortages Occur; Bakery Is Opened For Local Trade.

Elephant Butte, N. M., Nov. 9.—Pay day occurs on November 10. A Las Cruces bank is expected to have a representative here to cash checks, as on last pay day. This is quite a convenience to the employees here, and is also a business proposition for the bank.

Previous to this arrangement all checks had to be sent by mail to near-by banks and thus the people were deprived of hearing the money clink in their pockets for several days or even a week after pay day.

It will be only a short time before the excitement for the flume will have been completed.

Bakery Is Opened.

The new bakery is now in operation in the new building adjoining the mess at the town.

W. M. Reed arrived here on Tuesday to cast his vote.

The weather here now is delightful. Many beautiful autumn flowers adorn the mountains around camp.

Dr. Hart, of Council Bluffs, Iowa, who for about 10 days was a guest in the home of Thomas Tate, at Las Cruces, stopped here on his return trip.

He was a guest of Hubert W. Yeo during his brief stay here. Dr. Hart will in a short time move his family to the vicinity of Las Cruces, where he recently purchased property.

Test Houses Proposed.

The three new test houses being erected near the official cottages, are nearing completion. The tents, each have a kitchen. They will be occupied by Samuel Patton and wife, David K. Blint, wife and son, and engineer Beatty, wife and son. Mr. Patton holds the position of masonry inspector. Mr. Blint recently arrived here from Yakima, project at North Yakima, Wash. He occupies the position of clerk in the office of Swan T. Olsen, the fiscal agent. Mr. Beatty arrived here several weeks ago from Los Angeles, Cal. He is construction engineer for the power plant.

A new trail has been built from the wagon road near the mess hall to near the top of the hill, where the new tents have been placed.

Mr. and Mrs. Chester Wells have returned home from a visit in the Hickcock house at Engle.

The last meeting of the card club was held at the home of Mrs. Blue, Mrs. J. J. Charles won the first prize, and Mrs. MacIntyre was given the consolation prize. Excellent refreshments were served.

Emery Hickcock was here from Engle, having his arm treated by camp physician J. Dale Graham. Mr. Hickcock first had a fever or something of that nature on his arm, but did not consider it dangerous. It is said that blood poisoning was narrowly averted. It is thought now that no serious results will follow.

The family of A. M. McBees joined him here a few days ago. They will occupy the four room cottage recently vacated by Lester Monteth and family, who moved into the Brown cottage. Mr. McBees has charge of the large mercantile store at the town.

Butter famine.

The camp recently suffered a butter famine. Quite a number of Santa Fe officials visited camp on Saturday evening.

Coal Shortage Ends.

A special train brought in some coal. The coal had been ordered about a month previous, but some delay somewhere greatly inconvenienced many here.

It is said that the work of excavation on the flume would have had to be discontinued temporarily had the coal not arrived.

For several days previous the dinky engine used on the flume work was fired with wood, much of which had been washed in when the Rio Grande was on a rampage several weeks ago.

Second Lecture Program.

The second number of the lecture course was largely attended. The members of the concert company were George Fox, violinist; Mrs. Ethel Lee Bixton, soprano, and Miss Lucille McVey, reader. The next number of the course will be presented here on December 6.

James A. French, who has been engaged in hydrographic work for the Reclamation service in Colorado and northern New Mexico the past summer stopped here for a brief visit on his way to his home in El Paso.

Mrs. Lester Monteth has returned home from several days spent in El Paso, the guest of friends.

Mrs. Chester Wells will entertain the Embroidery club on Friday afternoon noon.

Dance Planned.

A dance is to be held in the hall of the official quarters on Saturday evening.

New York, N. Y., Nov. 9.—Mrs. Ruth Molinieux, wife of Wilbur L. Molinieux of New York, is suing her mother-

in-law, Mrs. Wilbur L. Molinieux, for \$50,000 for alleged alienation of her young husband's affections. Mrs. Molinieux was still a young school girl when she met young Molinieux and they went to the city hall together,

and were married. She said that at first she was taken in by her husband's mother, but soon after her husband left and she is now supporting herself by running a small millinery establishment. Mrs. Molinieux sr. is considered very wealthy.

To Shrink a Fleishy, Flabby, Bloated Face

(From Happy Homes.)

The woman whose face has a bloated appearance at times, particularly upon arising, as well as the whole face, is permanently overflabby or flabby, should use the sassafras solution. This is made by dissolving 1 oz. powdered sassafras in 1-2 pint witch-hazel, inexpensive ingredients which any druggist can supply. Use as a wash lotion.

There is nothing better to reduce the face to a normal condition. The loose skin shrinks, bagginess and wrinkles are ironed out. Not only does the effect quickly show in one's improved appearance, but there is also a comfortable feeling of firmness and snugness.

This treatment is far superior to massage. The latter, as a matter of fact, can afford but temporary relief, and its continuance tends to break down the muscular tissue and aggravate the trouble.—ADV.

Dizzy. Leaning Over

No Trouble Now

"For years," says Mrs. Kate Scholl, of St. Louis, Mo., "I was a physical and nervous wreck, suffering constantly with headache, dizziness, and such pains all over that I was in no condition to do my work. I could not sleep at night, and I had no appetite. Life was a burden to me and my family, because of my constant suffering.

One day, a neighbor woman, to whom I had complained, told me about Cardui, and persuaded me to try it.

I took the first few doses, and thought I was wasting my time and money, but soon I began to take notice.

Before I had finished the first bottle, the headaches had left me entirely and I no longer felt dizzy when I leaned over.

Now, I take pleasure in my work. I can do all my housework, washing, ironing, cooking, and scrubbing, as easily as a young girl.

I sleep restfully, and can eat like a horse. In fact, Cardui has put new life and soul into my body."

Thousands of enthusiastic ladies have written to tell of the help that Cardui has been to them. Do you suffer from womanly troubles? Be convinced by what others say, and at least give Cardui a fair trial. It may be just the thing for you.
